STUDENTS living within the precincts of the University are governed as a Military Corps, the officers and cadets being commissioned and supplied with arms by the State of Tennessee. There are ample and comfortable quarters for one hundred and fifty such students.

The course of study is the same as that pursued in the most reputable colleges, having reference mainly to proper intellectual training. Opportunities will also be furnished to such persons as wish it, of pursuing fully the study of Practical Chemistry, Civil Engineering, the Modern Languages, etc., upon the payment of extra fees.

The military system is adopted as an effectual means of preserving good order, regular habits, and due physical exercise.

There have been in attendance, during the present Academic year, 80 students from Tennessee; 23 from Louisiana; 19 from Mississippi; 9 from Alabama; 4 from Texas; 3 from Arkansas; 2 from Kentucky; 2 from Missouri; 1 from Illinois; 1 from Iowa; 1 from Ohio; 1 from New York; making 146 in all.
